

WOMEN

IN COMPUTER SCIENCE

INFORMATION TECHNOLOGY
is *still* the fastest-growing field in the U.S.

Money Magazine (May, 2006) ranked 50
jobs and said being a software engineer is
“the best job in America.”

BUT IT’S ALMOST ALL GUYS!

Find out why Computer Science is a great
field for girls, too. Join us for a
presentation by women in CS at the
UNIVERSITY OF ILLINOIS.
